General Product Safety Regulation (GPSR) Compliance Statement

Level Six Inc.
165 Colonnade Road South,
Ottawa, Ontario, Canada, K2E 7J4

Effective December 2024, Level Six Inc. complies with the General Product Safety Regulation (EU) 2019/1020, ensuring that all products placed on the European Union market meet applicable safety standards.

Authorized Representative in the EU

Ben Campbell
Innerpennes 40,
Samtal, Italy, 39058
Email: ben@levelsix.com

Our Authorized Representative ensures compliance with EU regulations, acts as a liaison with market surveillance authorities, and facilitates product traceability across the supply chain as required under the GPSR.

Product Traceability

To support regulatory compliance, Level Six ensures that all products are traceable through the supply chain. Information to identify products, their components, and economic operators is maintained in accordance with GPSR requirements (Article 18). Each product includes a tag displaying a PO lot number to ensure easy identification and tracking.

Incident and Recall Reporting

In the event of a safety issue or product recall, Level Six and its Authorized Representative cooperate fully with EU market surveillance authorities to ensure rapid and effective resolution, safeguarding consumer safety.

For further information or assistance regarding product safety compliance, please contact: salesupport@levelsix.com

Sincerely,

Patrick Quinney
Vice-President of Sales
Level Six Incorporated
